Date: December 12 - 13, 2017 for more information [click here](#) [Register here!](#)

NSEE Webinar

The mission of the NSEE is to cultivate educators who effectively use experiential education as an integral part of personal, professional, civic and global learning.

NSEE's Professional Development Committee will host FREE webinars on hot topics in this coming year. These are available to all members and non-members. We hope you will be able to join us!

Our inaugural webinar showcases Dr. Alan Grose, who has recently published an occasional paper for the National Institute for Learning Outcomes Assessment, titled, Internships, Integrative Learning and the Degree Qualifications Profile (DQP). In this webinar Alan describes three curricular pathways students may take to engage in integrative learning in their internships.
